MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Inspector General's Survey of Air Activities  
of the Central Intelligence Agency

1. The Director has instructed me to send you a copy of the Inspector General's Survey of the Air Activities of CIA. The attached is our only extra copy; it was originally intended for the DDCI and we might have to borrow it back if a new DDCI is named before we can reclaim another copy.

2. Although the entire survey is attached, I believe you will be principally interested in Part I under the tab "SPECIAL PROJECTS." If you should care to discuss this survey with the inspectors who wrote it, please let me know.

MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : History of Civil Air Transport

1. During the Inspector General's recent survey of the Civil Air Transport Company, Ltd., we found that very little exists in written form on the early history of the Agency's relations with the airline. The available information is recorded largely in the minds of the various individuals who have had responsible roles in managing the project.

3. [redacted] the memoranda from memory during the hectic period immediately prior to his departure on a new assignment outside of metropolitan Washington. We are aware of some of the background involving his departure from the project. Thus, while the memoranda may have been prepared from one point of view, we are of the opinion that the author made a sincere effort to be objective.

4. It further occurs to us that as CAT is [ ] proprietary you may wish to suggest to the Director of Training that he assign an officer to prepare the history of CAT for presentation in training courses. The inspection team was impressed by the heroism of CAT personnel on numerous occasions and we believe it would be appropriate to stress this side of CAT. In the event a history is considered desirable, these memoranda might serve a useful purpose.
